Dear Omar,

We have been using your conferencing service for several months now and its simplicity continues to prove its value.

I can setup a conference anywhere at anytime at a moments notice, even hosted one while I was on the golf course last week!

The announcement of each party joining or leaving the conference is unobtrusive yet very helpful.

We plan to continue using your service, and with the on line billing you've even made paying simple and reliable.

Keep it up!
